## **Journal History**

Proceedings of previous international conferences organised by the Association of Malaysian Environment-Behaviour Researchers (AMER) since 2010 were published and accessible online in Elsevier's *Procedia Social and Behavioural Sciences* (ISSN: 1887-0428), [www.ScienceDirect.com](http://www.ScienceDirect.com). Those proceedings have all been indexed in the former Thomson Reuter's Web of Science (WoS). The inevitable but timely birth of the Environment-Behaviour Proceedings Journal in 2016 was mainly to sustain the publication of the proceedings of forthcoming annual, serial international conferences to be organised jointly by AMER, ABRA and cE-Bs. AicQoL conferences main theme addresses Quality of Life (QoL) issues affecting the Asian communities living in both Asian and non-Asian countries. E-B issues affecting non-Asian communities are also most welcome.

# About the Conference

## Background

The prolonged uncertainty of the Covid-19 pandemic globally (with partial lockdown since 18 Mar 2020 in Malaysia) has affected the scheduling of forthcoming conferences globally. Coupled with the ever financial constraints to travel among international participants – in particular to those who would like to publish their conference papers soonest – it is timely now for a total virtual conference, thus, the AIVCE-BS (AMER ABRA International Virtual Conference on Environment-Behaviour Studies). Again, due to the uncertainty in scheduling forthcoming conferences, AIVCE-BS shall be organised in series, rather than the annual norm. The other four international conferences organised shall be back once the global pandemic is over.

## Theme Synopsis

AIVCE-BS main theme addresses Environment-Behaviour (E-B) / Environmental Psychology issues affecting the Asian communities living in both Asian and non-Asian countries. E-B issues affecting non-Asian communities in Asian countries are also most welcome.

Paper contributions shall involve the following environments (though not exhaustive):-
