The organiser, Association of Malaysian Environment-Behaviour Researchers (AMER), wishes to extend their gratitude to the many that made this conference possible. In particular, the International Breakout Chairs, International Scientific Committee / Journal Editorial Team, Abstract and Full paper contributors.

Thank you all !

Foreword

This, 14th ASIAN Conference on Environment-Behaviour Studies, being held at Damai Beach Resort, Kuching, Malaysia, from 27-28 Mar 2026, is organised by AMER (Association of Malaysian Environment-Behaviour Researchers). It marks AMER's 53rd international conference to be organised, which is fully managed by AMER's subsidiary, emAs (AMER Event Management & Services) under emAs emAs Resources

The Game Changer 2021 (#GC2021), initiated in early 2021, requires that contributions from Malaysia include international co-authors and aims to increase the number of publications contributed by multinational authors. We believe that the initiative would significantly increase the likelihood that our publications will be indexed by more reputable indexing bodies, such as Scopus. As such, commencing in 2021, only multinational-authored contributions from Malaysia shall be accepted for publication.

As anticipated, the new Clarivate Analytics ruling for publications commencing Jan 2026, which would not be automatically WoS-indexed as in previous years, has significantly reduced the number of participants. Nevertheless, AcE-Bs2026Kuching, still managed to attract a total of 22 approved abstracts, with authors from 13 countries. The majority of the abstracts were in collaboration with Malaysian authors. International contributions were obtained from Indonesia (8 numbers / 36%), followed by China, Morocco, Nigeria, Saudi Arabia, and the UK (2 each), and Cyprus, Jordan, New Zealand, the Philippines, Spain, and Thailand (1 each).

The approved abstracts were grouped into 12 subcategories, although many could have been easily placed under more than one category. The top four categories, in order of popularity, were Health / Healing Environment (HE) 7 abstracts, and followed by Communication / Social Media Environment, Legal Matters, Rural Environment, and Urban Environment (2 each).

The approved abstracts were finally transformed into 18 approved full papers, a return of 82.0%. The papers approved were simply grouped generally under 10 sub-categories, although quite a number could have been easily placed under more than one category.

The top four categories, in order of popularity, were Health / Healing Environment (HE) with 6 papers, followed by Communication / Social Media Environment, Rural Environment and Urban Environment, 2 papers each. Hopefully this conference will inspire and encourage more researchers to participate in our forthcoming serial conferences.

Thanks again for your continuous support and contributions as always, and hope for an enlightening conference!

Looking forward.

Mohamed Yusoff Abbas, PhD.

About the Conference

Background

The success of the 1st National Conference on Environment-Behaviour Studies, InCEBS2009 held at Universiti Teknologi MARA (UiTM) Shah Alam, Malaysia, from 14-15 Nov 2009, inspired the organiser to organise future conferences beyond the nation. The AcE-Bs, an initial acronym for the ASEAN Conference on Environment-Behaviour Studies, targeted venues in ASEAN countries; it was later extended to Asian countries, giving rise to the current acronym for the Asian Conference on Environment-Behaviour Studies.

The main theme of the AcE-Bs conferences addresses Environment-Behaviour (E-B) issues affecting Asian communities living in both Asian and non-Asian countries. E-B issues affecting non-Asian communities are also most welcome.

Prior to 2012, AcE-Bs was organized by cE-Bs (Centre for Environment-Behaviour Studies, FSPU, UiTM, Malaysia, supported by AMER (Association of Malaysian Environment-Behaviour Researchers) and ABRA (Association of Behavioural Researchers on Asians). Post-2012, with AMER formalised, it became the main organiser of all four annual conferences, and at times co-organised with nations of the International Scientific Committee. AMER's Event Management & Services (emAs), a subsidiary of AMER and also a private entity, manages all of AMER's events, under emAs (Emas Resources).

Thus far, AcE-Bs conferences successfully organised are as follows:-

- 1st AcE-Bs2010Kuching, Malaysia, 07-08 Jul 2010
- 2nd AcE-Bs2011Bandung, Indonesia, 15-17 Jun 2011

14th ASIAN Conference on Environment-Behaviour Studies, Damai Beach Resort, Kuching, Malaysia, 27-28 Mar 2026

The conference focuses on current Environment-Behaviour issues affecting the Asian/African/Arabian communities in both their countries and nons. Issues affecting other communities are also most welcomed.

Paper presenters are allowed to either present F2F or virtually. However, only those who present F2F shall be in the running for the Best Paper awards, amounting to more than cash MYR 10,500.00 with the grand prize of cash MYR 3,000.00 for THE Best Paper.

The e-IPH, UK published both the Abstract Book (eISBN 978-1-913576-20-2), and the Proceeding in the E-BPJ (Environment-Behaviour Proceedings Journal), eISSN 2398-4287, 11(36) Apr 2026, issue.
